## **Deep Inlet Cost Recovery 2010**

NSRAA is taking a new approach to the Deep Inlet chum cost recovery harvest this year. Cost recovery fishing will be conducted in August, when larger numbers of chum begin entering the Deep Inlet THA, in an effort to conduct the harvest in as short a period as possible. NSRAA staff will monitor catch rates, sex ratios and run strength in making the decision as to when to close the THA to commercial fishing. The THA will reopen on the first day after the date cost recovery is completed.

The cost recovery closure is expected to begin some time between August 8 and August 24. While every attempt will be made to give longer notice, the closure announcement may have to be made on less than 24-hour notice.

This document contains a calendar and description of fishing schedules for informational and planning purposes. Please remember that actual schedules, openings and closures are set by ADF&G News Releases.

## Deep Inlet Fishing Schedule - 2010

### Chinook Management:

In effect from May 30- June 19, with a 2:1 gillnet:seine ratio.

**Gillnet mesh restriction (6" or greater) is in effect through June 20.**

Schedule : May 30 - June 19

Week	Sun	Mon	Tue	Wed	Thu	Fri	Sat
23-25	SN	GN	GN	SN	GN	GN	TR

### Chum Management:

In effect from June 19 - end of season, with a 1:1 gillnet:seine ratio.

Schedule : June 20 - August 7

Week	Sun	Mon	Tue	Wed	Thu	Fri	Sat
26-32	SN	GN	GN	GN	SN	SN	TR

Schedule : August 8 until closure for Cost Recovery

Rolling schedule: 2 seine days, followed by 2 gillnet days: [SS,GG], [SS,GG], etc.

August 2010							
Week	Sun	Mon	Tue	Wed	Thu	Fri	Sat
33	8	9	10	11	12	13	14
34	15	16	17	18	19	20	21
35	22	23	24	25	26	27	28

Possible closures for cost recovery (AFTER commercial opening on the date shown.)

BLUE = preferred dates, 1:1 ratio is even at time of closure

RED = possible dates, seine is 1 day ahead at time of closure, requiring a "make-up" gillnet day after re-opening.

Deep Inlet will close after fishing on August 23 if it hasn't already closed by that date.

### Re-opening after Cost Recovery

1) If closed on a BLUE date: THA reopens the day after cost recovery is complete, with this schedule:

Two troll days, followed by the rolling [SS,GG] schedule for the remainder of the season.

[T T] ---> rolling schedule [SS,GG], [SS,GG], etc for the remainder of the season

2) If closed on a RED date: reopens the day after cost recovery is complete, with this schedule:

Two troll days, followed by one seine and two gillnet days, then the rolling [SS,GG] schedule for the remainder of the season.

This allows for the gillnet "make-up day" prior to resuming the rolling schedule.

[T T,S,GG]---> rolling schedule [SS,GG], [SS,GG], etc for the remainder of the season
