

(Letterhead)

DATE

Chair Carlson-Van Dort, Members of the Alaska Board of Fisheries,

(Introduce yourself or your organization)

(If an Individual – explain how long you’ve lived in Southeast Alaska)

(If a business or organization, explain your business – include mission statement and how long you’ve operated in your community)

(Insert Name or Organization Name) OPPOSES proposal 156.

(insert which program you value the most or list the programs of interest to you)

Proposal 156 would potentially eliminate fisheries enhancement programs that are vital to my way of life with no clear benefit to wild stocks.

Please oppose this proposal, so we can continue to have salmon to harvest in Southeast Alaska.
Sincerely,

(insert name or business name)
