## Features:

- Sort by column – click on a column's arrows in header to sort ascending or descending

# of records – option to show 10,25,50 or 100 records per page

The screenshot displays the NSRAA Data interface. At the top, there are several filter dropdown menus: File, Site, Species, Category, Type, and Updated. Below these is a 'Show' dropdown menu set to '10' entries, with a red arrow pointing to it. To the right of the 'Show' menu is a search box. The main part of the interface is a table with the following columns: File, Site, Species, Category, Name, Description, Type, and Updated. The table contains seven rows of data, with the first row (ID 201) highlighted. Below the table, there is a record count 'Showing 1 to 10 of 56 entries' and a page navigator with 'Previous' and 'Next' links. Red arrows point from the record count and page navigator back to the 'Show' dropdown menu.

## Filter by field (column) and multiple fields

The screenshot shows the NSRAA Data interface. At the top, there are several filter dropdown menus: File, Site, Species, Category, Type, and Updated. Below these, the current filter values are displayed: Site is 'Medvejie', Species is 'Chinook', and Category is 'Releases'. A red arrow points to the 'Releases' filter. Below the filters, there is a 'Show 10 entries' dropdown and a search box. The main part of the interface is a table with columns: File, Site, Species, Category, Name, Description, Type, and Updated. The table contains three entries, each with a blue link in the Name column. At the bottom, it says 'Showing 1 to 3 of 3 entries (filtered from 56 total entries)' and has 'Previous' and 'Next' navigation links.
